A MESSAGE FOR OUR 11TH YEAR

Thank you for eleven years.

Dear FI family,

Eleven years ago, on 19 November 2015, the Filipino Institute began with a simple promise: to help Filipinos learn, get certified and get hired.

Since then, more than 200,000 learners and graduates have studied with us. They are caregivers in Abu Dhabi, parents teaching their children at home, professionals changing careers, and young people taking their very first course. Many studied while working full time, far from home. Every one of them reminds us why we do this.

This year, we are proud to become the **new Filipino Institute: 100% online**. Today you can join K–12 from Nursery to Grade 12, choose from 141 Professional Diplomas and 48 Short Courses, or book a tutor, all in English, all from your phone or laptop. And because a course is only one step, we have built free tools for the rest of the journey: a Scholarship Calendar, Career Paths, a Job Board, FI Perks, and My Roadmap for going abroad the proper way, coming home or starting a business.

FI Magazine is our new way to tell your stories. Every month we will feature the Filipinos behind the certificates: how they started, what they overcame and where they are now.

Thank you for trusting us for eleven years. Here's to the next chapter.

Kaya ko. Kaya mo. Kaya natin 'to.

PART 1 · THEN · 2015–2025

Thank you, *classroom.*

For ten years, Filipinos came to FI after long shifts, on their one day off, in uniforms and in their Sunday best. These are some of the rooms where it happened.

24 campuses in 6 countries, 2015–2025. Every one of them is part of who we are.

Do you *remember?*

Before My FI, before Live Online, there were classrooms above exchange houses and beside metro exits, Friday classes after a week of work, and graduation days in hotel ballrooms. Here are some of the moments our records and photo albums remember.

2015 — The first classrooms

FI opens in Dubai on 19 November. The first classes run from Al Quoz and Business Village in Deira.

2018 — Fifteen campuses

By September 2018, FI's cover photo lists Ajman, Abu Dhabi, Dubai, Sharjah, Al Fahidi, Al Nahda, Barsha, Bur Juman, Garhoud, JLT, Rigga, Satwa, Al Ain, Hamdan, Bin Omran, Al Waab and Manama.

2019 — Every campus had its own batches

Batch numbers were a badge of pride. Each campus counted its own, which is why "Batch 16" can mean Abu Dhabi, Garhoud or Sharjah.

2020 — The Virtual Campus

When classrooms closed in the pandemic, lessons moved online. Virtual Campus Batch 2 graduated in June 2020.

2022 — Bayanihan in Qatar

FI Qatar joins the Bayanihan Sportsfest, with learners in white uniforms checking blood pressure for the community.

Qatar campus · 2022

2023 — Kitchens and clinics

Culinary classes cook their final dishes; nursing assistants practise vital signs on each other before practicals.

Culinary class · Batch 15

2024 — The last big graduation days

Bahrain Batch 28 graduates in April, followed by Batches 29 and 30. Al Ain celebrates Batches 15 and 16 in January. In Muscat, the Oman campus welcomes its learners.

2026 — A new first batch

On 3 August 2026, Live Online Batch 1 starts: the first batch of the new, 100% online FI.

"The most I liked with Filipino Institute (Al Riqqa): very flexible with the schedule... friendly admins and smart and helpful teachers."
